ALARM LICENSE

ALARM-VENDOR # 21040017

Effective Date 1/1/2022 through 12/31/2022

The above named applicant having made proper application and having agreed to comply with all applicable ordinances of the City of Grand Forks, North Dakota, is hereby authorized to engage in the activities listed according to the city ordinances.

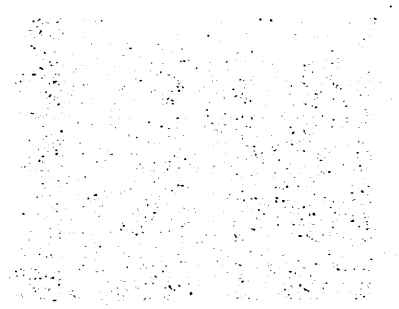

This license is not transferrable and is valid until revoked or cancelled.

Rebecca Ault,

Director, Grand Forks PSAP

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. The second part of the document outlines the various methods used to collect and analyze data. These methods include direct observation, interviews, and the use of specialized software tools.

3. The third part of the document describes the results of the data collection and analysis. It highlights the key findings and trends observed during the study.

4. The fourth part of the document discusses the implications of the findings and provides recommendations for future research and practice. It emphasizes the need for continued monitoring and evaluation of the system.

5. The fifth part of the document provides a summary of the overall findings and conclusions. It reiterates the importance of the research and the potential for future improvements.

6. The sixth part of the document contains a list of references and a list of figures. The references cite the key sources used in the study, and the figures provide visual representations of the data.

7. The seventh part of the document provides a detailed description of the methodology used in the study. It includes information about the study design, the data collection process, and the analysis techniques.

8. The eighth part of the document discusses the limitations of the study and the potential for bias. It acknowledges the challenges faced during the research and provides suggestions for how these limitations can be addressed in future studies.

9. The ninth part of the document provides a detailed description of the data used in the study. It includes information about the source of the data, the variables measured, and the data cleaning process.

10. The tenth part of the document provides a detailed description of the results of the data analysis. It includes information about the statistical tests used, the results of the tests, and the interpretation of the results.

11. The eleventh part of the document provides a detailed description of the conclusions drawn from the study. It summarizes the key findings and provides recommendations for future research and practice.

12. The twelfth part of the document provides a detailed description of the appendices. These appendices contain supplementary information that is not included in the main body of the document, such as raw data, detailed calculations, and additional figures.
