I hereby certify that I am currently employed by the company seeking this Business Permit Certificate. My signature on the permit application indicates that I am the responsible party for such company, and as such, I accept full responsibility for all jobs performed by company employees pursuant to the Business Permit Certificate. I understand that as the company's responsible party, any citations for violating the fire code will be issued to me. I am aware that a competent, responsible company representative must be on site during any fire inspection to review work performed under the auspices of this certificate. I agree to notify Northwest Fire District in writing in the event I separate employment from this company. I understand that if I fail to provide Northwest Fire District such written notification, I will continue to be listed as the responsible party and be subject to citations under the fire code for all work performed by company employees. I agree to notify Northwest Fire District in writing of any name changes, location changes, or cessation of business operations. This Business Permit Certificate shall also serve as a contract between the above named company and Northwest Fire District. Certificate of Insurance and Arizona Registrar of Contractors license(s) must remain current for the permit to be valid. I further understand that issuance of a Business Permit Certificate does not constitute recommendation of my company by the Northwest Fire District and I agree to not use this certificate in said manner.

This permit is not transferable.

Brian Keeley, Division Chief/Fire Marshal
Northwest Fire District
